

Our Lady of Lourdes Newsletter

February 26, 2010 - Volume 13

From the desk of Kathy Bogataj

Dear Parents,

We recently conducted an online survey and 93 families responded. 87% of these families said they were likely or very likely to recommend OLL to others. Our strengths were in our academic and religious programs. Of course we have areas for growth and our SAC will be reviewing these and making recommendations for improvement.

As you know, we are currently registering for the 2010–2011 school year. If you have not returned your packet, please consider submitting it as soon as possible. Having an accurate number of potential students helps us plan our budget.

If you have concerns that are preventing you from registering, please contact me at your earliest convenience.

Blessings on your upcoming week!

Kathy J. Bogataj

Registration Packets are now being accepted! Just a reminder that the registration fee increases to \$265 on April 1st!

Sixth Graders

The sixth grade social studies curriculum takes us far and wide! We study both geography and world history and love working together in groups to solve the mysteries of ancient civilizations! We have traveled to the great civilization of ancient Egypt and are currently in ancient Greece. Next stop: the Americas!

OLL 8th Graders take over the Parish Office!

One of our traditions for Catholic Schools Week is having the 8th grade "take-over" the Parish office. The students do various jobs for our Parish staff. Pictured are Sean and Connor who worked the front desk and helped with this week's bulletin! Thanks !

8th Grade!

The eighth grade class was so excited about Catholic Schools Week. They raised money for different charities through the walk-a-thon on Wednesday, and they practiced hard for their volleyball game against the teachers on Friday. Both the teachers and the eighth graders wanted to win - so it was a great game to watch. The eighth graders are also discussing the tenth commandment, and coming up with great ideas to represent this commandment in front of the entire school. Catholic schools week was a great week!

Middle School News

The seventh and eighth grades are studying mythology. The seventh graders are re-enacting Aesop fables and the moral of each. Groups are making radio plays of Greek myths to present to the class, and each individual student has chosen a Greek god to further study and research. The eighth graders are traveling the voyages of Ulysses and will soon be participating in their own Olympics.
